Any misuse of such substances can affect the health of the employee as well as the performance of his or her job. Furthermore, any misuse of such substances by employees will seriously compromise the image of Lakeside-Milam and its ability to effectively treat people suffering from addiction to alcohol and other drugs.

It has been and shall continue to be the policy of Lakeside-Milam that no employee shall misuse alcohol or any mind or mood altering drug or other substance. Any misuse may result in disciplinary action up to and including termination.

"Misuse" shall include, but not be limited to:

Illegal use, sale, or possession of alcohol or any controlled substance;

Violation of any law, any element of which includes the use of alcohol or any controlled substance;

Possession or use on company property of any alcohol or controlled substance; provided that use shall be permitted of any prescription medication if the employee's supervisor is advised in advance, such use is in accordance with a properly issued prescription, and it is the opinion of the employee, physician, and supervisor that performance will not be impacted;

Being under the influence of any mind or mood altering substance during work hours or while on company property;

Failure to advise supervisor of the use of any prescription mind or mood altering medication;

Any use of alcohol or other mind or mood altering substance by any recovering addicts.

The company may require any employee to submit to appropriate tests to determine the presence of alcohol or any prohibited drug or substance in his or her system. Such tests will be required as pre-employment qualification. They may also be requested during the course of employment on the basis of reasonable suspicion, random selection, follow-up, or on any other reasonable basis as established by the Company. Failure to promptly permit such tests upon management's request shall result in disciplinary action up to and including termination.

Any employee who is addicted to alcohol or any mind or mood altering substance shall be offered treatment through Lakeside-Milam's programs if he or she voluntarily presents himself or herself for treatment. If misuse of alcohol or other substance is identified by the company, offer of treatment shall be at the discretion of Lakeside-Milam.

The employee shall list all medications which the employee has taken in the 30 days preceding the taking of the sample. Such list shall be placed in a sealed envelope which shall be retained and reviewed by Corporate management. LMRC reserves the right to ask employees to provide proof of any such medications, e.g. a physician's statement, at any time.

After completing a monitored sample, a tamper-proof seal shall be applied to the sample bottle and a label shall be affixed to the seal which identifies the sample. An employee, or anyone else, who in any way alters,

tampers with, or substitutes a urine sample will be subject to disciplinary action up to and including termination of employment.

An initial screening test shall be performed by using the enzyme multiplied immunoassay technique (EMIT). If a positive result is indicated by the EMIT test a confirmatory test will be run using chromatography. A test will be considered positive if the confirmatory test also indicates a positive result.
